## Christmas menu

Located at the bow of the Phantom Ship is the Upperdeck Restaurant. Suited to the whole family, the restaurant offers a delicious buffet, sure to please any palate. The chefs are on hand to prepare certain ala minute dishes like stir fries and pastas. This is an extremely interactive restaurant with all cooking and kitchen activities visible to the guest. There is also an a-la-carte light menu available which offers an alternative to someone looking for a lighter meal.

For starters an antipasta counter offers an array of tapas and mezzes from around the world with a variety of fillings. Interesting tit bits, such as Pickled Fish, chicken livers in the chef's secret Sauce, Marinated

calamari fingers and chicken wings with the chef's special sauce are just some of the starters.

The meat selection includes chicken kebabs, lamb chops, ribs and sirloin steak prepared to your liking. From the fish market there is always fresh line fish grilled to order.

You can still find old favourites like casseroles, curries and stews accompanied by a delicious savoury rice or samp with peanut sauce.

Come and join us on our themed evenings when you can enjoy prawns down in varied ways or why not join us on Sunday and Monday evenings and enjoy a complimentary after dark experience in the Wreck Aquarium.

Saturdays and Sundays have live bands performing and on Saturday evenings during holiday season we offer our world famous Pirate Pantomime sure to excite you but be prepared to jump up and participate. Watch the press for details as there is always something new and exciting happening at the Upper Deck.

The wine list is varied, some old favourites can be found alongside some exotic specimens. The restaurant is open from 12h00 to 22h00 daily. Seating can be outside or inside subject to availability of space. Bookings are essential on (031) 3288067
